

Journal of Small Satellites

Research, Technology, and Systems

Vol. 01, No. 1 January 2012

Table of Contents

Foreword

- 1 Founding Managing Editor's Welcome Remarks**
Dr. Adarsh Deepak, Managing Editor, Journal of Small Satellites (JoSS)

Feature Article

- 3 Thinking Out of the Box: Space Science Beyond the CubeSat**
Ravi A. Deepak, Taksha University and Robert J. Twiggs, Morehead State University

Peer-Reviewed Articles

- 7 Using a Balloon Flight for End-to-End Testing of a Nanosatellite Mission**
Stephen Horan, Robert Hull, and Lawrence Alvarez, R. Klipsch School of Electrical and Computer Engineering, New Mexico State University
- 17 Limitations of Hyperspectral Earth Observation on Small Satellites**
Alberto G. Villafranca, Jordi Corbera, Francisco Martin, and Juan Fernando Marchan, Programa Català d'Observació de la Terra, Institut Cartogràfic de Catalunya (PCOT/ICC)
- 25 Design, Development and Test of Engineering Models of Tethered Nanosatellites to Observe the Solar Corona**
S. Chiesa, V. Chillè, S. Corpino, A. Rougier, F. Stesina, and N. Viola, Politecnico di Torino

Meeting Blog

4th European CubeSat Symposium, Brussels, BE, Jan 30-Feb 1, 2012

3rd QB50 Coordination Workshop, von Karman Institute (VKI), Rhode-St-Genèse, BE, Feb 2, 2012
Ravi A. Deepak, <http://www.jossonline.com/bulletin/bulletin-01>
